-

Projects

- **Pragati – An Educational Website**

Developed Pragati, an educational website designed to provide an accessible and engaging online learning experience. The platform features interactive learning modules, user progress tracking, and a curated library of resources. Built with React, the project focuses on delivering a seamless and responsive user interface.

- **Event Ticket Management Tool**

Built a web-based platform for browsing events, booking tickets, and managing bookings. Implemented real-time updates using Firebase for seamless ticket availability tracking. Ensured responsive and intuitive design using HTML, CSS, and JavaScript.
